

CHORUS Consultation Workshop with Health Policymakers

Date: 10 March 2022

The **CHORUS consultation workshop** was organised with the key stakeholders (i.e., policymakers and implementers) in the government of the Bangladesh Health system on 10th March 2022. The key objective of the workshop was to share the findings from the workshop with the researcher group and to learn the preferences of the policymakers among the different existing and emerging urban primary health care models in Bangladesh.
